## Description of Opportunity

### About Swiss Re

Swiss Re is one of the world's leading providers of reinsurance, insurance and other forms of insurance-based risk transfer, working to make the world more resilient. We anticipate and manage a wide variety of risks, from natural catastrophes and climate change to cybercrime. We cover both Property & Casualty and Life & Health. Combining experience with creative thinking and cutting-edge expertise, we create new opportunities and solutions for our clients. This is possible thanks to the collaboration of more than 14,000 employees across the world.

Our success depends on our ability to build an inclusive culture encouraging fresh perspectives and innovative thinking. We embrace a workplace where everyone has equal opportunities to thrive and develop professionally regardless of their age, gender, race, ethnicity, gender identity and/or expression, sexual orientation, physical or mental ability, skillset, thought or other characteristics. In our inclusive and flexible environment everyone can bring their authentic selves to work.

### About the Role:

- We have created an exciting entry level opportunity for a property facultative reinsurance junior underwriter.
- The candidate will work in a fast paced, team environment with the highest caliber professionals in the field.
- This role will provide the opportunity to be mentored/trained on how to underwrite large national and international property risks across all industry classes including, but not limited to, the tech industry, renewable energy, pharmaceuticals, large real estate portfolios, industrial manufactures, and more, including all Fortune 1000 companies.
- This role will work with mentors to develop the ability to exercise sound underwriting judgment in a collaborative and empowered environment. Supported by our broad tool landscape, you will be encouraged to interact with clients to help resolve their insurance needs in a way that improves our broader facultative portfolio.
- Collaborate with colleagues to develop and implement client specific marketing and underwriting strategies. These marketing opportunities will allow you to develop and maintain key relationships with our valued business partners.
- Improve underwriting and processing efficiencies using existing and future tools with a focus on digitization.
- Locations: Alpharetta, GA or New York City

### About the Team:

You will be a part of the Property Facultative Underwriting Team. This is a high performing and fast paced team spread across North America. This is an exciting opportunity to work with a diverse group of clients in a channel neutral environment. It is a position that will allow an underwriter to grow

and expand their knowledge across all industry classes, insurance perils, and product structures. They are supported by state-of-the-art proprietary modeling tools for both fire and natural catastrophe exposures. They work to provide various solutions to a diverse product need.

Swiss Re is an equal opportunity employer. It is our practice to recruit, hire and promote without regard to race, religion, color, national origin, sex, disability, age, pregnancy, sexual orientations, marital status, military status, or any other characteristic protected by law. Decisions on employment are solely based on an individual's qualifications for the position being filled.

During the recruitment process, reasonable accommodations for disabilities are available upon request. If contacted for an interview, please inform the Recruiter/HR Professional of the accommodation needed.

As the COVID-19 pandemic continues to impact the world, it is our responsibility to help keep our employees, customers, partners and communities healthy and safe. SwissRe will require all candidates interviewing in person in the United States and Canada to provide evidence of vaccination when arriving at our offices.

Reference Code: 111341

## Preferred Skills

### About You:

We are looking for a candidate pursuing a degree in Risk Management, Accounting, Business, Finance, Economics, Actuarial Science, or other degree with a major that demonstrates robust quantitative fundamentals. The ideal candidate should demonstrate a team and entrepreneurial spirit and possess strong analytical skills. Willingness to learn is key:

- Strong interest in/motivation to learn about insurance/reinsurance
- Exceptional academic performance
- Entrepreneurial/self-starting spirit and ability to work under pressure and meet deadlines
- Team-player, willingness to contribute actively to the overall team spirit
- Ability and enthusiasm to work in a global and multicultural environment
- Aptitude to express him-/herself effectively in one-on-one conversations and small groups
- Mature & self-confident; Able to work with senior colleagues
- Capacity to readily adapt to a changing and dynamic environment
- Proven expertise to work independently and proactively
- Strong analytical and quantitative skills and can focus on details without losing track of the bigger picture
- Excellent oral and written English skills; additional language skills advantageous
- Proficiency in MS Office applications (Excel, PowerPoint, Word)
- Very good communication and interpersonal skills.
